SHIPMENT MADE BY SILVER PICK TO BELMONT

Ore Is Being Saved Daily and Indications Big Stope Being Opened

The Silver Pick of Goldfield shipped two carloads of ore estimated to be worth \$25 a ton. The shipment was made to the Belmont mill at Tonopah.

Ore is being saved all the time at the north end of both the intermediate and fourth levels and present indications are that a big stope is going to be opened above the intermediate. This stope has already been started about 50 feet north of the north wall of the main stope.

The mine is being continued from the fourth level. This has not yet gained much depth, as it is being lengthened and widened for the purpose of raising a tonnage of ore and also to determine as accurately as possible the dip of the vein and rake of the shoot so that work to cut the extension of the ore can be started on the second level of the Laguna, which is the next level below the fourth of the Red Top. It is estimated the nearest workings on the second of the Laguna are 250 feet from where the shoot should be entered as it extends down from the fourth of the Red Top.

CORONER'S JURY HOLDS BRACHETT CAUSE ACCIDENT

Accused Was Driving Auto Which Struck Bicycle, Killing Boy

The last coroner's jury impaneled to investigate the death of young Alfred Treslender, 13 years of age, who was struck and killed on Oct. 4 by an automobile driven by Tony Brachett, on Main street and Florence avenue, concluded their hearing of evidence yesterday noon and late in the afternoon rendered the following verdict:

"We find that the deceased, Alfred Treslender, a native of Nevada, aged about 13, came to his death Oct. 4, 1922, in this county, by being struck by an automobile driven by one Tony Brachett, in excess of 12 miles an hour, in violation of ordinance No. 24 of the ordinances of the town of Tonopah. Nye county, said violation rendering said Tony Brachett guilty of involuntary manslaughter."

"J. W. HOPKINS, Foreman." This was the third coroner's jury selected to hear evidence as to the cause of the death of young Treslender. The verdict of the jury of six, but which was illegal owing to six members, and which the law says must consist of three members, was virtually the same as the one returned by the last jury consisting of C. W. Hopkins, D. S. Llewellyn and Ralph Husey. The defendant was admitted to bail in the sum of \$1000, with Pete Petroni and John Du Pratt as sureties.

EXCELLENT PROGRAM OF ENTERTAINMENT OFFERED BY ELKS

The musical entertainment course which proved so popular last year, has been engaged by the Elks lodge to be in Tonopah this fall and winter.

The companies appearing this year are entirely new to Tonopah and come most highly recommended. The people of Tonopah are to be congratulated that such a fine entertainment course can come to the desert, and there is no doubt but that each entertainment will be greeted with a large audience.

The price of tickets for the entire seven entertainments will be \$250, which price is in reach of all.

The first entertainment, the Metropolitan Male Trio, will be here on Oct. 16 at 8:30 p.m. This is a fine singing organization of male voices with instrumental selections on organ and chimes. This is considered one of the best trios in concert work.

The companies appearing in the Elks' course this year are graded as 100 per cent quality and come with a guarantee of giving the best in Lyceum entertainments.

Tickets for the course are on sale at Southworth's.

K. O. P. BUILDING READY FOR OCCUPANCY IN MONTH

The steel trusses and rafters for the new Knights of Pythias concrete building, now being erected on North Central street and Brougher avenue has been shipped from San Francisco and should arrive in Tonopah Friday morning. The maple flooring has also been shipped, and within a month the new structure, 100x60, will be ready for occupancy. Later on the Pythians will add another story for lodge purposes and four store rooms in front of the present structure.

H. C. Stimler, the moving spirit in the New Gibraltar Mining company, and which is now the new mining wonder in southern Nevada, accompanied by W. M. Waddell, a New York City capitalist and prominent broker, left this forenoon for the property in Smoky valley.

POLITICAL CATECHISMS UP-TO-DATE

Question—What is a State Engineer?
ANSWER—A State Engineer is often a Soldier of Fortune, endowed by the Maker of the universe with superhuman ability to engineer the affairs of state—to his own advantage.

QUESTION—What are the duties of a State Engineer?
ANSWER—Judging from past experience in Nevada, one is justified in concluding that it is the first duty of the State Engineer to engineer himself into the Governor's chair.

QUESTION—When does he begin to engineer himself into the Governorship?
ANSWER—Before he gets his chair warm in the State Engineer's office.

QUESTION—How long will he stay in the Governor's chair if he lands the job?
ANSWER—As long as he lives, if he can, or until he chooses to abdicate.

QUESTION—If he decides to abdicate, who will be his successor?
ANSWER—Another State Engineer.

QUESTION—What other duties must the State Engineer perform?
ANSWER—If he plays the game according to Hoyle, he must engineer the taxpayers out of house and home and make them like it.

QUESTION—Who will be the next Governor of Nevada?
ANSWER—(a) If the Benevolent Order of the Brotherhood of Engineers can "cut the mustard," it will be Col. James G. Scrugham. (b) If the taxpayers of the State have anything to say about it, it will be John H. Miller.

QUESTION—What perquisites has the State Engineer that gives him an advantage over any other candidate?
ANSWER—Custom permits him to make his primary campaign at the expense of the State. He draws his salary, while the State pays his expenses as he travels over the State, presumably on State business, but actually combining business with pleasure and building his fences so as to make himself invulnerable as a candidate when the campaign opens up.

QUESTION—If Colonel Scrugham was the cause of manipulating funds so as to extract money from the state treasury to pay for services of extra counsel to the State Engineer (when the Attorney General was supposed to do the work without pay in addition to his salary), how far will he be able to go if he is elected Governor of Nevada, and how much money can he draw from the taxpayers to pay for extra legal advice to the Governor and all other departments of State?
ANSWER—If he worked the "rabbit's foot" once and got away with it, why can't he do it as often as he pleases? What is to prevent him from conjuring up cases as an excuse for employing extra counsel, and who shall prevent him from devising ways and means to "get the money" to use just as he pleases, without as much as saying "By your leave" to the taxpayers?

DEMOCRATIC CANDIDATES TO INTERVIEW OUTSIDE VOTERS
Two touring cars left this morning for the western section of Nye county to interview voters in the interest of their respective candidacies. The party was composed of Charles F. Wittenberg, Frank Bell, Joseph T. Murphy, L. E. Glass, John D. Grant, Bill Leary and Mrs. J. Caroux. They expect to be gone a week.

There is no rehearsal of telegraph news in the Bonanza. We publish the happenings of the world the day they occur, and you can keep posted at the small cost of \$1 a month.
